

Reflective practice session for senior managers

**Free online session for chief officers and senior staff in
Essex based voluntary sector organisations**

Tuesday 18th May 1pm

Book your place <https://reflectivesession.eventbrite.co.uk>

Dr Leon Fletcher-Tomenius and Magnus Irvine of the Here for You service will facilitate a reflective practice session for managers during a 50 mins to an hour online reflective space.

This will be a space for managers to talk about their recent experience of working through the pandemic and how this has impacted on them.

Themes from this will be fed back after the session, which will help summarise the reflections and key points discussed. Further training needs, or the need for other interventions may be identified, which would also be fed back and discussed.
